An Exclusive Euro-Arab-Indian and Asean Networking Platform

Launched in March 2020, the Global Diwan is a unique Euro-Arab-Indian and Asean networking platform which aims to bring together East, West and South Global leaders and build bridges for the next generations to ignite positive changes in business for a better society.

We act as a regional catalyst for transformation and growth between Europe, Mena and Asean countries, gathering all the stakeholders, including start-up, investors, small and medium sized companies, governments, international organizations, media journalists, academics and civil society.

Objectives

-  Offering to our membership a privileged meeting environment, one of dialogue, exchange and brainstorming, that cultivates an open minded and independent outlook.
-  Forging a long-term strategic alliance between the Euro-Arab-Indian and Asean communities, particularly vis à vis the African and Asia Pacific countries, in the context of an ever-evolving multipolar world.
-  Supporting the empowerment of a new generation of Euro-Arab-Indian and Asean young men and women leaders and encouraging the creation of new initiatives and projects in all sectors.
